- The location of first aid facilities and, if applicable, the location of ambulances.
- The location and dimensions of all stages, platforms, scaffolding, bleachers, grandstands, seating with aisle spacing, canopies, tents, portable toilets, booths, beer gardens, cooking areas, trash containers and dumpsters, and other temporary structures.

- Exit locations for outdoor events that are fenced and/or locations of exits within tents and tent structures.
- Identification of all event components that meet accessibility standards.

2. Fire Inspection:

A Fire Inspector will inspect the facility during set-up to determine compliance with these requirements. In the event fire and life safety violations are found, the applicant will be given one opportunity for compliance. Failure to adhere to these requirements may result in citation, delay of opening, or closure of the event.
